Colleges/Schools/Unit Creating the Commitment

1. Relocation support is to be treated like any other new faculty commitment and be entered in the GT-TRACS package on the Commitments tab.

2. The commitment should be entered in total; both OFA and School/Unit support, if applicable, are entered on the Commitments tab.

3. When entering the OFA commitment, please use the “Relocation” category and Funding Org Number 616 – Faculty Affairs. Units should also use the “Relocation” category if they are committing additional funds.

Colleges/Schools/Unit Requesting the Allocation

Requesting funds will be the same as with other commitments; the allocation must be requested by your school/unit financial administrator via GT-TRACS.

Note: Please add the worktag (Cost Center/Org) to which the funds should be transferred in the comment section in GT-TRACS.

Provost’s Office Financial Manager will transfer the funds to the departmental Cost Center (Org) via appropriate budget amendment.

1. Upload Relocation Repayment Agreement form into GT-TRACS.

2. Submit One-Time Payment Form in OneUSG Connect and attach Relocation Repayment Agreement to the transaction.

**Refer to the GTHR Payroll Calendar for the relocation payment request date.**

OFA team will add a note in GT-TRACS to inform the Provost’s Office Financial Manager when the funds TRANSFER should be sent to the Unit.
